1:45 P.M.  Leveraging Resources & Connections to Open the Doors to Trade

Presenter: Debra Dudley, President & Owner - debra.dudley@oscarwareinc.com
Oscarware, Inc. (Kentucky) - http://www.oscarwareinc.com/

Session Description: From small beginnings, inauspicious surroundings, and amid life’s challenges, great things can come. That certainly is the case for Oscarware, Inc., a small rurally-based manufacturer turned market leader. Success, however, has not be achieved in isolation. It's been through asking questions, leveraging connections and taking advantage of state and federal resources that export sales, initially unimagined, have come to be.

Company Description: Oscarware is a family-owned manufacturing business, founded in 1989 by Debra Dudley and her late husband Reg Dudley. Sensing the anything-can-be-grilled trend, they invented a new product they called “grill topper” making it possible to cook a variety of meals on an outdoor grill. All products are made in Bonnieville, a city of less than 300 people in south central Kentucky. Oscarware is the leading domestic manufacturer of both disposable and porcelain coated steel toppers in the U.S. Since 2014, the company has increased sales and market share in exporting and introducing their made in USA “grill toppers” to Europe. The company is currently working with customers in Canada and Mexico with assistance from the SBA STEP exporting program.

Export Awards/Recognition: Throughout the years, Oscarware has received numerous awards. Most recently, company owner (Debra Dudley) was named the 2017 Kentucky Small Business Person of the Year and the SBA National 1st-Runner-Up Small Business Person of the Year.

2:30 P.M.  Mitigating Global Logistics Disruptions and Risks

Presenter: Caitlin Murphy, CEO - caitlin@shipglobalgateway.com
Global Gateway Logistics (Missouri) - shipglobalgateway.com

Session Description: It’s true that COVID-19 had unprecedented disruptions on lives and businesses around the world and inflicted chaos on global supply chains. In this session, Caitlin will share details on several specific disruptions that have significantly impacted the global logistics industry over the past year. She’ll highlight tools and information that can help mitigate future disruptions, reduce unforeseen costs and guide companies to regain confidence in their global shipping operations.

Caitlin Murphy is the Founder of Global Gateway Logistics in Saint Louis, MO. She graduated the University of Missouri-Columbia obtaining a degree in International Business with an emphasis in Mandarin. She has held several positions in international logistics over the past decade. In 2017, she came to the realization that the transportation industry needed change and innovation, and that companies should demand more strategy, transparency, and focus on the rapidly changing global economy from their logistics providers. It was from that realization, and with the desire to respond, that Global Gateway Logistics was created.

Global Gateway Logistics is an international freight forwarding and logistics firm. The company’s mission is to strengthen customers’ global and domestic supply chains by reducing their freight transportation costs, strengthening processes and expanding their trade tools. Services provided include international air and ocean shipping, ground transportation, warehousing and project logistics. The firm’s goal is to simplify global logistics for importers and exporters through customer service and technology.
