   B. Students will need a valid passport with an expiration date greater than 6 months after return date.
   C. Students will be required to complete the online application process which includes all necessary risk and release forms required by the University.

3. Program Details
   A. Program beginning and end
      The program starts on Dec. 29 in Dunedin, New Zealand (plan to arrive no later than noon, (see itinerary) and ends on Jan. 12 by noon (an earlier end time may be announced depending upon student departure times) in Sydney.
   B. Location – You will spend 10 days in New Zealand and 5 days in Sydney.

New Zealand, you will stay at the Otago Polytechnic in Dunedin. The city of Dunedin, New Zealand, has played an important role in the history of New Zealand. Archaeological evidence points to the area having been long inhabited by Māori prior to the arrival of European explorers. In the 1930’s, despite Dunedin's slow growth, the university continued to expand boosted by its monopoly in health sciences. The developing Colleges and Halls saw the establishment of a student quarter. The 1970’s was a culturally vibrant time with the university's new privately endowed fellowships for writers, composers, and visual artists. The 1980’s brought forth a burgeoning popular music scene which made Dunedin and its "Dunedin Sound" well-known to rock music fans. Local bands such as The Chills, Straitjacket Fits, The Clean, and The Verlaines became popular both nationwide and internationally.
The following **optional** (at student expense) activities will be available while in New Zealand.

- **Queenstown Extreme Adventure Sports.** There are a multitude of activities you can pursue in the Queenstown area from walking, hiking, boat riding, etc., to extreme sports such as white water rafting, bungee jumping, sky diving, and others. On the other hand, you don’t have to participate in the extreme sports to enjoy Queenstown. You will participate in a final four-hour dinner and culture evening consisting of Maori food and a final cultural interactive program of dancing and other activities by Maori native peoples. This dinner activity is **included** in your program fee.

- Every kind of outdoor mild and extreme sport can be experienced and new ones continue to be dreamed up every year. Go to the following web sites or just enter key words, such as Queenstown extreme sports in Google to learn more. Please be aware that you could easily spend $300 - $800USD or more here, depending on the activities you choose. Of course, there are milder activities that do not cost very much. Check out the links below.
  

- **Te Anau - Milford Sound Cruise Experience (Optional).** Discover New Zealand’s spectacular Milford Sound, in the heart of the Fiordland National Park, on a personalized sightseeing cruise. The Milford Sound tour takes in unique wildlife (including dolphins), tumbling waterfalls, and the towering beauty and majesty of Mitre Peak. Fiordland is one of the last true areas of remote wilderness in the world. See an example of this and other activities at [www.southerndiscoveries.co.nz/MILFORD](http://www.southerndiscoveries.co.nz/MILFORD), [www.viator.com/milford-sound](http://www.viator.com/milford-sound)

---

**Sydney, Australia.**

At the end of your stay in New Zealand, you will fly to Sydney, Australia. There are plenty of interesting places to visit in the historic district: Sydney Harbor Bridge; Sydney’s world-famous Opera House on the Circular Quay (pronounced “key”), and a ride on the ferry to Manly Beach is highly recommended. The tour of the Sydney Opera House is a highlight (cost is about $35USD). The tour features a 15-minute video that emphasizes the selection process from the applications of world designers and the issues and controversy that evolved over time with the citizens of Sydney. (Note: some students from previous programs skipped the tour and attended a performance at the theater.)

The World-Heritage-listed Blue Mountains National Park has a multitude of trails, rain forests, huge eucalyptus trees, and other natural environments. Also an option, the Featherdale Wildlife Park has a large varieties of kangaroos that you can touch as well as view emus, parrots, and koala bears.

In Sydney you will be staying in an apartment/hotel that is a 15-minute walk to the old historic district, and a 20-25-minute walk to the Sydney Harbor Bridge or Sydney’s world-famous Opera House on the Circular Quay.

Public transportation in Sydney is excellent and it is easy to get around at relatively low cost.
B. **Meals**
   During the program, some meals, including social program dinner events, are covered by the program fee. Please note that breakfast is included most days. The program schedule will outline which meals are included in the program fee. While staying on campus at Otago Polytechnic, most meals are provided. While in Queenstown and Sydney, one program dinner will be included.

D. **Language and Culture**
   Even though it may not sound like it, English is spoken both in New Zealand and Australia. Both countries have been a melting pot for cultures from around the world.

   The indigenous population, the Maoris, originated with settlers from eastern Polynesia who arrived in New Zealand in several waves of canoe voyages at some time between 1250 and 1300 CE. Over several centuries in isolation, the Polynesian settlers developed a unique culture that became known as the "Māori," with their own language, a rich mythology, distinctive crafts and performing arts. Early Māori formed tribal groups based on eastern Polynesian social customs and organization.

4. **Course Offerings and Prerequisites**
   The New Zealand/Australia program will be an international business course. All students should be sure to check with their advisors on how this course would satisfy graduation and/or major area requirements. No prerequisites. This will be an introductory type of course, open to students of all backgrounds of study. Course materials will be provided and all students will be expected to access additional materials through Blackboard.

   - **Undergraduates – MGT 3901: Special Topics in Management--International Business, New Zealand and Australia, taught by Jackie Rasmussen.** The emphasis will be on understanding various issues in international business with a focus on the South Pacific and that area’s trading relationships in the global economy. 3 Credit Hours. For undergraduate business students, this course may be used to directly satisfy an elective requirement for BSBA graduation requirements. The course will be graded S/U. Be sure to consult with your advisor on any questions about how this course would satisfy your degree requirements.

   - **Graduate students -- BUS_AD 8730. International Study Abroad--International Business, New Zealand and Australia, taught by Jackie Rasmussen.** The emphasis will be on understanding various issues in international business with a focus on the South Pacific and that area’s trading relationships in the global economy. 3 Credit Hours. Graduate students will complete additional requirements for the elective credit. This will be explained in the pre-departure sessions (see next section). The courses will be graded S/U. MBA and Accountancy students should be sure to consult with their academic advisors on any questions about how this course would satisfy degree requirements.

The course will be conducted in two parts: There will be eight pre-departure class sessions at MU before departure to lay the groundwork for the principles of international business with some focus on the business strategies and cultural dimensions of New Zealand and Australia. The second part will be conducted on-site at Otago Polytechnic in New Zealand (South Island) with additional MU classes, company visits, lectures by NZ professors, and other experiences. Overall, the primary emphasis will be on the global business strategies of the island nation of New Zealand; its export markets; and its trading partners in the Pacific, North America, and European areas.

**Note:** This course has been designated by the registrar’s office as a spring course. Educational fees for 3 spring semester credit hours are costs you would normally see on your spring bill. Non-resident students should plan on paying the usual non-resident educational fees. Actual fees for the spring semester are set by the Board of Curators during their April meeting. Be sure to let your academic advisor know if these 3 units will put you over your max for spring.
**Pre-departure Class meetings at MU**

Prior to the start of the program, pre-departure class sessions will be held in Cornell Hall, beginning in October. The purpose of these class meetings will be to provide lectures on the principles of international business; review information regarding the companies that will be visited; and an orientation to the host country, travel administration, and safety abroad.

This is a non-credit course for which you will be required to register before the first day of the pre-departure class, in order to go on the program. **You will not be charged any educational fees for this “course”**.

**Course Number:**

**Undergrads - BUS_AD 0555**

**Class TBA**

**Meeting Schedule:**

- Tuesdays, 6:00—8:30 pm, Oct 9 through Dec 4, 2018, Room 042 CH
